"The City Government Should Reflect the Wishes of the People"

— **SAM SMITH**

The SAM SMITH PROGRAM ...

SAM SMITH WILL work to reduce crime in our streets, improve the quality of our Police Force, increase **Pay and Promotion** Opportunities, provide more officers, entice our **best** young men to **prepare** themselves for a Law Enforcement Career **before they become Policemen**. He will update City Ordinances to have the **Rights of the People** in focus and to be compatible with Current Court Decisions.

SAM SMITH WILL VIGOROUSLY attack the Rapid Transit problem in its entirety rather than on a piecemeal basis. We need a Comprehensive Program designed to move people from the North end of town to the Industrial South-end Area, across Lake Washington to Bellevue, Kirkland and further South to Renton, Kent and Auburn. People must be able to ride from their homes to their jobs. Provisions should be made for Tacoma and Everett to join the system at a later date.

SAM SMITH WILL SEEK to provide a permanent formula to legally provide a percentage of State Taxes as aid to our cities to allow for proper budget planning each year. The cities should know what financial assistance to expect each year.

SAM SMITH KNOWS that a proper Urban Renewal Program must be presented to the people in such a manner as to gain their **Approval** if it is to be successful. Loans to remodel or rebuild properties must be made at the lowest interest rate possible and on the most lenient terms. (40 years was the original intent of the program.)

SAM SMITH BELIEVES that the Voice of the **Underprivileged**, the **Young**, the **Senior Citizens**, the **Minorities** and the **Poor** must be heard from **Within the Government**. SAM SMITH KNOWS that you, the **People**, are the most important commodity of our City and He Will Respond to your wishes.

---NEW SPIRIT IN CITY HALL!--

SAM SMITH IS AWARE that our region is fortunate to be undergoing a rate of unprecedented growth, both industrial and population wise, but feels that **NEW DRIVE** and **IMAGINATION** must make its presence felt in the City Council if we are to have real **Urban Growth** rather than **Urban Sprawl**.

SAM SMITH IS READY TO MEET THE CHALLENGE
